Games Kit Materials (per group)

- Basketball Addition Gameboard (or Game Master 28)
- 3 dice

Players 2 teams of 3-5 players each

NOTE: A twenty-sided die can be used instead of 3 regular dice.

Object of the game To score a greater number of points than the other team.

Directions

1. Players on opposite teams take turns rolling the 3 dice.
2. Each player enters the sum of the numbers on the 3 dice in the **Points Scored** table.
3. After each player on a team has rolled the dice, each team finds the total number of points scored by their team for the first half of the game and enters the **Team Score** in the table.
4. Players repeat Steps 1-3 to find their team's score for the second half of the game.
5. Each team adds their team totals from both halves of the game to find their team's total score.
6. The team with the greater number of points wins the game.

SKILL
Practice adding three or more 1-digit and 2-digit numbers.

HOW TO PLAY
1. Players on each team take turns rolling the 3 dice.
2. Each player enters the sum of the numbers rolled in the Points Scored table.
3. After each player on a team has rolled the dice, each team enters the team score for the first half on the Scoreboard.
4. Players continue for the second half of the game.
5. The team with the greater number of total points wins the game.

GAMES KIT MATERIALS
• 3 dice

PLAYERS
2 teams of 3 to 5 players each

OBJECT OF THE GAME
To score the greater number of points
